Dear Tiny:

Many thanks for your good letter of the 23rd. I was relieved to get the telegram from Frau Goerdeler. I feel sure that this will cover the situation.

I have again pressed hard on the visa matter. It is difficult to find out exactly where the obstacles lie but the people in the visa section who are personally very friendly have solemnly promised that they would look into the matter and try to find out where the difficulty is.

I was glad to hear that the various investigations and court proceedings were likely to die a natural death. This may, of course, be helpful.

Could you let me have a copy of Gen. Lahousen's report on your book which I assume will be appearing officially any day now.

While I am doing no writing, I am still assembling everything I can get on the general subject of your book and mine. In this connection I hear that an Englishman, Trevor Roper, a professor at Christ Church, Oxford, who has just recently written a book on Hitler's last days, is also getting together material on the July 20th affair. I also hear rumors that he will adopt the somewhat stuffy official British attitude toward it although this is only rumor and may be quite inaccurate. In any event, I shall probably be seeing Trevor Roper soon as he is coming here in the fall. I have been in correspondence with him about July 20th and its background, and I am anxious to see that he gets all the facts in case he plans to write.

Sincerely,

H. B. Gisevius, Esq.,
